

To: All Members of the Section on Public Health
From: OMA President Dr. Sohail Gandhi

I wanted to reach out to you personally and provide important information about recommended fee schedule changes specific to Section on Public Health that will be in effect on April 1, 2020. This is a long email (apologies) but it does deal with finances, and how decisions were made.

I want to (briefly) recap the process that has led to the decisions on fee code changes. As you are all aware, for the first time in the history of Ontario, physicians were given an Arbitrated Award for a Physician Services Agreement (PSA). This is why there was no ratification vote. The Award is binding both on the OMA and the Ministry of Health (MOH).

As part of that process, the Arbitrator agreed that we must deal with the issues of relativity. The official OMA model for relativity is CANDI (the FAIR model you may have heard about is not final yet, it is in development). The government refused to accept CANDI. The official MOH model for relativity is RAANI. The OMA feels that there are serious, significant and unresolvable issues with RAANI, and we refused to accept it. The Arbitrator (acting in this case as a mediator), worked with both sides, and came up with the Hybrid model, and the Hybrid model will be used for all 4 years of the current PSA. *Please note, it has yet to be decided what relativity model will be used in the next PSA (2021-2025).*

As a result of the award and the Hybrid process, the Section on Public Health was awarded a 3.54% normative increase. This means that all salary grids for Associate Medical Officers of Health (AMOH) and Medical Officers of Health (MOHs) will increase by 3.54% as of April 1, 2020.

This Hybrid model is not perfect. It does not address the fact that some services are provided by members in multiple Sections. If those fees go up, then the allocation to that Section will rise automatically.

In order to come up with the fairest way of making changes, we tasked the Medical Services Payment Committee (MSPC) with the enormous responsibility of doing this for every Section. The timelines were tight as the MOH insisted they had to have a decision by December 18, 2019, in order to program their computers for April 1, 2020. I ask that you keep in mind that MSPC is a bilateral committee — half OMA and half MOH. For a decision to be made, both sides have to agree. If they don't agree, then we go to arbitration on those issues. By now, I believe all members are keenly aware of just how long arbitration takes.

In July, the MSPC sent letters to all Section executives outlining this process. In August, the MSPC surveyed members of each Section to see what fee codes were in need of change. On September 20, the Section executives were sent the survey results, and asked to provide input by October 14 (as mentioned the timelines were tight). This was to allow the OMA staff to model the effect of proposed changes on the members. It also allowed time for the MSPC to

contact Sections as needed, to clarify their submissions. Our goal was to ensure that the fewest possible members had a negative impact.

The majority of Section executives provided feedback to the MSPC. The MSPC went through multiple modeling exercises and came up with the best possible recommendations they could for the Section on Public Health.

The specific changes recommended by MSPC for your Section are provided below and also posted online [here](#). Recommendations for all OMA Sections and Medical Interest Groups, along with background documents related to the MSPC, are available on the OMA website [here](#).

As with all fee schedule changes, the MSPC recommendations will be submitted to Cabinet for final approval.

If you have any questions, or require additional information, please contact mspc@oma.org.

Ontario's Doctors Rock!

Sohail Gandhi
OMA President

Section on Public Health

April 1, 2020 Recommended OHIP Schedule of Benefits Fee Changes

Highlighted Fee Changes

The Section on Public Health did not submit a proposal to MSPC.

While the Specialty's small FFS allocation was consumed by other Sections' proposals (which will benefit those who provide them), the predominant benefit to its members will occur through the increase to their contractual salaries.

Other Fee Changes of Interest

- **Various GP/FP Time Based K-code fee increases** – to be increased between 8% and 25%.

Note: These codes represent fee codes most commonly billed by your Section. A comprehensive list of ALL recommended fee code changes is available on the OMA website [here](#).

Notes:

1. The Schedule of Benefits changes listed above are recommended by the bilateral OMA-MOH Medical Services Payment Committee — Cabinet approval is pending.
2. Best efforts have been made to ensure the accuracy of information contained in this document. In the event of any errors, the Schedule of Benefits to be published April 1, 2020 is the definitive source. Further details about the Schedule will be available on the Ministry of Health OHIP Bulletins webpage [here](#).
3. This update was sent to you based on your primary affiliation with an OMA Section. Fee code recommendations for all OMA Sections and Medical Interest Groups are available on the OMA website [here](#).
