

OMA Advantages Disclaimer

Guided by OMA member research, the OMA has entered into promotional arrangements with Advantages Vendors to provide tangible value propositions to OMA members. An evaluation gating analysis is conducted to evaluate new business opportunities and strategic partnerships for the Ontario Medical Association (OMA) Advantages Program before any benefit or service is offered to members; this ensures that all arrangements meet OMA criteria, and are aligned with the OMA mission, vision, goals and strategies.

If a member has any questions regarding a program or service offered, they should inquire prior to entering into an agreement with a vendor for services.

The arrangements made with Advantages Vendors are offered throughout the year; however, during seasonal/limited time promotions pricing at the preferred OMA rates, such as those for hotels and flights, may not be as competitive.

These offers are available to you as an OMA member, for validation purposes your membership card may be required; your membership card can be found under [My Account](#).

The OMA assembles negotiated discounts with various companies that physicians may choose to use. Taking advantage of any of the offers is voluntary. The OMA's involvement is limited to offering the pricing and availability of services to members. While the OMA promotes the various companies, once a member and a company enter into an arrangement, any issues are between the two contracting parties. The OMA is not able to intervene.

The OMA has partnered with select vendors to provide OMA members with preferential pricing and support. The OMA may receive compensation, which can be in the form of monetary payment, to cover associated program costs.

Please do keep the OMA informed of your experiences – positive or negative in order to improve the program. [Feedback](#) to improve the program is welcomed.
